## Our Company

We specialize in the manufacturing of stud bolt and all kinds of fasteners accessories for the petrochemical industry. Our expertise extends to a comprehensive selection of materials, including various grades of alloy steel, carbon steel, stainless steel, and a diverse range of super alloys. These materials are sourced for use across multiple industries and are particularly suited for specialized applications. Our commitment to quality and precision ensures that each stud bolt assembly meets the stringent requirements of our clients, delivering reliable, high-performance solutions for demanding environments. We pride ourselves on providing tailored, durable products to meet industry-specific needs.

Diameter 0.01" to 5" and from M01 to M125

## ANCHOR BOLTS / FOUNDATION BOLTS/SPECIAL FASTENERS

We specialize in the manufacture and supply of anchor bolts, including J-type, T-type, straight, and fish tail types. Additionally, we offer custom solutions tailored to specific client requirements, available in a variety of grades and finishes. Our finishes include hot-dip galvanized, electro-galvanized, and black oxide, ensuring durability and performance for diverse applications. We also specialize in the production of custom /non-standard washer and washer plates, available in a wide range of grades and finishes to meet specific requirements.

## FASTENERS & SCREWS

We supply a wide range of heavy duty bolting for joints in structural steel. Specifications

- BS 3692 Gr 4.6, 8.8, 10.9, 12.9
- ASTM A325 High Strength Bolts
- JIS 1186 F10T, BS4395 Part 1,2,3 High Strength
- Friction Grip Bolts
- Torque Shear Type High Strength Bolts (TC Bolts)
- BS EN ISO 3506 A4-70/80, BS EN ISO 3506 A2-70/80
- SAE Grade 5,8,10
- A490 Type 1
- SS316, SS304, SS316 L

Diameter Range: 1/2"-4", M 12-M 100

## PIPE SUPPORT CLAMPS

We specialize in the manufacturing of a comprehensive range of U-Bolt, clamps, available in various grades and sizes. Our clamps are designed to meet industry standards and can be tailored with a variety of insulating materials and coatings to suit specific applications. In addition to our standard offerings, we also provide customized solutions to address the unique requirements of individual projects for general use or specialized applications.

Clamp Size range: 1/4" to 42", will be produced as per client drawings / projects specifications

## UNISTRUT - CONDUIT ACCESSORIES

We Offer A Comprehensive Strut Channels, Cantilevers ,flat Plate Fitting, Angle Fitting, Channel Connector,base Posts, Wing Fittings, Z & Wing Fitting, Beam Clamp, Cable Tray Fixing Accesories , I Beam Support, Cable Trunking, Cable Ladder, Wire Mesh Cable Trady These Materials Provide Superior Quality And Perform Reliably Under Extreme Environmental Conditions.

Customized as well as client drawing & specifications

## FITTINGS

We Supply and maintain a comprehensive inventory of all kinds of pipe & fittings in various material grades, including carbon steel, alloy steel, stainless steel, duplex, and super alloys. This extensive selection enables us to offer tailored solutions and ensure rapid delivery, effectively meeting our clients' urgent needs.

## CUSTOMIZED MACHINING PRODUCTS

As part of our flexible manufacturing system, we specialize in machining components that require thread-ing and precision features, which will be produced according to customer specifications and detailed draw-ings. Our expertise ensures the highest standards of accuracy and quality in the production of custom engineered parts.

## COATING

We provide an extensive range of in house plating and coatings designed to withstand harsh conditions and provide outstanding temperature, chemical, abrasion and corrosion resistance. With these services available, we have the production capabilities to customize a multilayer coating systems ideal to your specific environment. We also focus on Special Coating as per the customer recruitment
